High unemployment reduces consumer spending and overall demand Businesses might experience lower sales and may need to adjust staffing levels accordingly A high unemployment rate signifies a weak consumer base impacting businesses across the board

#### Exchange Rates

Businesses operating internationally are heavily impacted by fluctuating exchange rates A weaker domestic currency can boost exports but increase import costs while a stronger currency has the opposite effect Imagine an exporter of wine a strong 2 domestic currency makes their wine more expensive abroad impacting sales

#### Government Policy

Fiscal taxation and government spending and monetary interest rate and money supply control policies significantly impact the business environment Government subsidies can support specific industries while tax increases can stifle business growth Think of government incentives for
